Tonya Schumacher - Respondent

Coquina Water Control District Board Member - Secretary
17280 N.W. 294th Street.
Okeechobee, Florida 34972

Dear Florida Commission on Ethics,

My ethics complaint is against Tonya Schumacher. I will prove that Mrs. Schumacher is Misusing her Public Position, I will also prove Mrs. Schumacher is Abusing her Public Position. For Personal again for herself and/or Colonial Consultants. Mrs. Schumacher had an ongoing working relationship with Colonial Consultants before she got them to work for Coquina Water Control District. Also that a voting conflict of interest was done.

On November 14, 2024 at the Board meeting 2 Board members Tonya Schumacher and Sean Wilcox were administered oaths of office. By Kevin Martin, Mrs. Schumacher private security team from Colonial Consultant. In that meeting there was a motion to hire a Forensic Accounting Firm. it was said that they would get a few bids and by the sunshine law it states a board must obtain competitive bids two bids are required. (Coquina lawyer Scott Fitzpatrick say that they only have the Bid From Colonial Consultant that Mrs. Schumacher got) In December's meeting Mrs. Schumacher asked the board if they reviewed the proposal sent to them two months ago from Colonial Consultants. (not in meeting minutes but the audio that was received from Coquina water control district you can hear Kevin Martin, who is the vice president of Colonia consultants bullying board members to accept his contract). On the 9th of January, 2025 a motion to hire colonial consultants, forensic accounts was made and Tonya Schumacher asked to be excluded from from (because back in September before she was a board member she hire this company to send me and Joey Beretta a landowner order to cease

and desist letter from colonial consultants I call the Okeechobee sheriff office and deputy Brian Holden told me that it was not a legal letter it did not come from Okeechobee. Mrs.Schumacher had these Armed Security Guards at the landowners meeting in October as well.) Mrs. Schumacher never fill out 8B form memorandum of voting conflict. Mrs Schumacher was pushing for Colonial to be hired the first second she was a board member. But if she excluded herself from the vote to hire them, why did she sign the contract on January 29 and it was notarized in front of Kelsey Edwards and she also signed the check on February 20, 2025 with Mr. Hubbard for $18,000. (have copy of check) But that is not just personal gain, in the contract from Colonial it says due to the repeated escalation in harassment, threats and general disturbing behavior exhibited by the primary targets of the investigation & their associates, typically directed at the board. Since when does a board member get to use taxpayer dollars to have her own private investigation done on residence and landowners I believe that's personal game, misuse of her position and abuse of her position.

1. On page 4, it states they will set up our operations that are at locations that have been given to us by a board member only Mrs Schumacher has more than one property.
2. They are under protection. We will provide them with access to contact us via a cellular based radio network, a channel will be dedicated specifically for protection to contact the team, a panic button and gps location and it's monitored 24 seven by our main communication center as well as our temporary operation center.
3. Using their security guards to intimidate landowners and residents to come to board meetings. They wear a bulletproof vest and carry guns. Have photos

When it was brought up to hire someone to do a forensic accounting investigation, it was an investigation starting from the first year that Jeff Hubbard and Sean Wilcox were on the board going back five years because they didn't understand where culverts went. They wanted to make sure that there was no missing money or missing material. Was never said in a board meeting that they would be investigating residents and landowners, which should be illegal to use tax dollars to do their own investigation. The board has no business using taxpayer dollars to do her own investigation on landowners and residents. Also Why are Tax payer Dollars being used to by Mrs. Schumacher for 24/7 monitoring? No other board in the history of coquina had

to have 24/7 Armed security. If Mrs. Schumacher feels the need for it then she needs to pay for it not tax pays

I have a text message from Schumacher to a landowner when he asked who paid for security at the landowner meeting she said Coquina and that was a lie as Coquina paid for an Okeechobee sheriff deputy to be there. It was colonial that she hired. I have messages From Kevin Martin that he says that Tonya hired them. Mrs. Schumacher lied to deputies and landowners before this company was hired by Coquina water control district. I have emails from superintendent and from lawyer with checks, invoices, contracts, meeting minutes and videos.

Sincerely,

Jessica Dakin
