Mrs. Miller:

Thank you for your email. I received by mail the amended recommendation today. I did not receive a pre-hearing stipulation.

More importantly, I am requesting a 30 days extension to consider this matter in November Commission meeting because my daughter is currently in ICU for a medical procedure and I need a couple weeks to focus my attention on her medical issues. Additionally, I need to discuss the new findings in the recommendation relating to names of tenants with my client. The client was not asked such questions during the interview and we do not have a problem providing the information if available.

Please advise if you have any objection to the first request for continuance. I will file the appropriate motion for continuance.

Thank you.

Hans
